Year 3/4 –Spring Term 2

This grid contains ideas for your child to complete at home over this half term relating to the learning that will be happening in school. We have included a variety of subjects and tried to cater for a range of challenge – challenge level 3 activities will require more time, support and resources than the others! For year 3/4, the expectation is that a minimum of 3 activities are completed. These can be brought into school during the week throughout the term, no later than Monday 25th March, ready for our curious classroom on Wednesday 27th March. We will then make time to share and celebrate the work and the learning completed at home before then end of term.
